Madrid, Spain

Nino Jesús Hospital
Madrid, Spain

Medical School & Graduation Year:

Valladolid University. Spain. 1985.

Orthopaedic Residency and Fellowship Training:

Jiménez Diaz Foundation, Madrid. Spain. 1992

What attracted your interest to IPSG?

Perthes disease was always an attractive pathology for me. My mentor showed me this hip pathology as an exciting occasion to improve the health of children.

What would you say is the most challenging part of treating Perthes Disease?

Prevention of femoral head deformity once necrosis has healed

What would you like to see accomplished through annual IPSG meetings?

Greater consensus on the Perthes' treatment, and leave a specific protocol written for each case. Share the advances with our peers.
